

PALLETMASTER® C

Low Cost, Carbon Pallet Dismantling Blade

VARI-TOOTH® DESIGN IMPROVES BLADE LIFE AND REDUCES VIBRATION

Cuts are straighter and require less force

ONE PIECE STEEL CONSTRUCTION CUTS THROUGH NAILS

Excellent fatigue life and extreme durability

HARDENED TOOTH TIPS SURVIVE AGGRESSIVE APPLICATIONS

WIDTH x THICKNESS		VARI-TOOTH® TPI 5/8
INCHES	MM	
1-1/4 x .042	34 x 1.07	◆

PALLETMASTER® B

High-Performance, Bi-Metal Pallet Dismantling Blade

BI-METAL CONSTRUCTION DELIVERS BETTER WEAR AND HIGHER HEAT RESISTANCE

Significantly outperforms traditional carbon steel blades

VARI-TOOTH® DESIGN EXTENDS BLADE LIFE AND REDUCES VIBRATION

Longer life against hardened nails and screws

FEWER BLADE CHANGES, HIGHER PRODUCTIVITY

Dismantle more pallets in less time to maximize efficiencies

WIDTH x THICKNESS		VARI-TOOTH® TPI 5/8
INCHES	MM	
1-1/4 x .042	34 x 1.07	◆
